Decoupage Mirror

created by John Petersen

Supplies

From IMAGINE Crafts and Tsukineko

- Shimmer Creative Medium
- InkBlushers
- Memento Inks: Sky Blue, Potter's Clay

Other blank wood mirror, ribbon of choice, paper, brayer, cutting knife

Directions

1. Cover entire front of mirror with an even coating of Shimmer Creative Medium using an InkBlusher.

3. Trim excess paper around mirror with a cutting knife.

2. Lay patterned Authentique Paper on top of Creative Medium. Roll brayer across paper to ensure the paper is adhered onto the mirror without any air bubbles.

4. Add at least two coats of Creative Medium over paper to protect and seal the mirror. Allow each coat of Creative Medium to dry completely before applying addition coats.

5. Use Memento dye inks to color coordinating ribbons to add onto the mirror for embellishments or to use for hanging onto a wall.

iNK^d is an ongoing creative project involving ideas, tips, inspiration and other inklings. Visit www.IMAGINECRAFTS.com for more creative projects and inspiration from IMAGINE Crafts LLC.
