3. Stamp "happy halloween" in VersaFine Onyx Black and heat emboss with Clear Embossing Powder on the inside. Attach a piece of chocolate with temporary adhesive. Stamp "trick or treat" in VersaFine Onyx Black on watercolor paper and heat emboss with clear

powder. Watercolor with Memento markers, trim and mat with black cardstock. Attach the stamped banner to the bottom, stapled flap.

4. Stamp the mouse on watercolor paper with VersaFine Onyx Black and heat emboss with Clear Embossing Powder. To color the image, scribble ink from the Memento markers on a plastic palette and transfer the ink with a damp

paintbrush. Trim the images separately (spider and mouse) with scissors.

5. Tint a small piece of wire with StazOn Jet Black. This will be substituted for the stamped thread that attaches the spider to the hat.

6. Glue the tinted wire to the mouse's hat and then attach the spider at the opposite end. Adhere the embellishment to the front of the matchbook with dimensional foam.
